

Ceramic Supply's 4" Stainless Steel Wall Mount Extruder Package

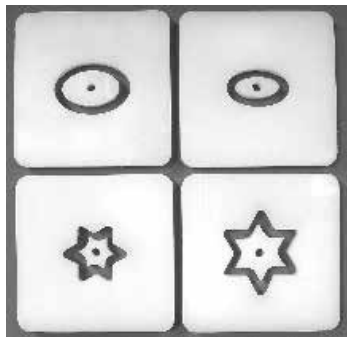

The Ceramic Supply 4" Wall Mount Extruder (CSEXT) is engineered for heavy-duty studio or classroom use yet it is economically priced for everyone's budget. The stainless steel barrel provides important versatility allowing work with porcelain as well as other clays. The top of the barrel is angled for easy loading. Holds approximately 7 lbs. of clay. Designed

with an extra long handle for easy strong leverage. Package includes the stainless steel extruder plus basic die set consisting of die 12, 13, 14 and rubber mask. 1-Year Limited Warranty. (Ceramic Supply warrants all parts from manufacturing defect/based upon normal use).
